

Concilium Bulletin November 2023

ALLOCUTIO

By The Very Rev. Fr. Paul Churchill

The Bright Star of Faith

As the days of darkness fall upon us in the Northern Hemisphere they seem in harmony with global events. The continuing conflicts and tensions seem to have no end. The kingdom of sin may appear to have its tentacles going deeper as the world of war, drugs, abortion, selfishness and apathy abounds. Many seem to have abandoned God and for others it seems that God has abandoned them. In the midst of it all one person still shines out with a great brightness of light: Our Lady. And that is because when a great darkness surrounded her on Calvary she kept her faith, yes, she trusted still, even though the whole purpose of her being seems to have come to an end.

I call her the Bright Star of Faith. That is what she is for us all. What a shining example. Matthew, Mark and Luke all describe a great darkness falling over the earth during the three hours Jesus hung on the Cross. This is not just a physical darkness, it is a spiritual darkness as humanity says “no” to its loving Father who had sent his only Son, it is an emotional darkness for those who hoped that he would be the one to redeem Israel (Lk 24:21). John, in his account does not mention that darkness. His passion narrative is one of light and glory. Why? I suggest that it is because, staying close to Mary, he received from her a strength and a light which brought him through those awful hours. And that inner light of great strength in her is what will sustain us through the dark days we are living in. She says to us all with Jesus, “Trust in God still and trust in my Son!”

Advent is a season in which we look to God’s promises of old. God was faithful to those promises. Abraham kept faith in God. Moses led the people in faith. The many prophets announced a Saviour in faith. And Mary is the person in whom those promises reach their fulfilment. They all show that faith is not in vain. What a response God provided after Mary’s keeping faith on Calvary: The Resurrection from the dead. Massive.

At this moment of time, when many will be depressed by the dark things going on, be it global events or situations around them in their own lives, we need to renew our faith in the God who holds us all in his hands, who is always in charge, who is faithful to his promises, whose love never fails. The light of faith is that beacon which can help bring so many through present crises. And we legionaries must not be shy in turning to Mary, that Bright Light of Faith, who shows us how to stand trusting even in the darkest hours. Let us ask her help to never give up.

We pray at each of our meeting, “Confer, O Lord on us, who serve beneath the standard of Mary, that fullness of faith in you and trust in her … a faith firm and immovable as a rock, through which we shall rest tranquil and remain steadfast amid the crosses, toils and disappointments of life … a courageous faith … a faith which will be our Legion’s Pillar of Fire … to enlighten those who are in darkness …” It has been there all along, that standard of Faith. But it is modelled on her great faith which withstood Calvary.

How do we deepen our faith and express it? Here is a truth. Only God can do that for us. Mary has said it clearly: He who is mighty has done great things for me. And what greater gift than to bring

her, untarnished in her faith, through the suffering of Calvary! And if we take, for example, St. John of the Cross, whose feast day is soon upon us (December 14), then it is often through dark nights of the soul that He digs that well of our faith for us. He just asks one thing: stay with me, trust me.

We should come to him each day and maybe often each day. Even if it is to say, “Lord, help me to pray, Lord, help me in my human limitations, Lord, be merciful to me a sinner!” Even if it is just to be there in his presence when words cannot form, be it due to heartbreak or tiredness or exhaustion. Know that Mary has already been there before you.

In today's Gospel passage of the talents, we can ask ourselves what talents has God given me? He has given us all a share in faith. Let us invest it no matter what. Don't let fear impede you. That is what the evil servant did, let fear block him. Have faith and share the faith. Every seed of faith sown will bear fruit. For the word of God that goes forth from his mouth does not return without bearing fruit (Is 55:11).

That star of Bethlehem which guided the Magi to Jesus was the light of faith which helped them not to give up. Mary is the greatest model of that faith. Ask her for a share in her Bright Light of Faith.

Monsignor Rueda Aparicio, Archbishop of Bogotá and Primate of Colombia, asked the Senatus to postpone the October 14th Conference on Alfonso Lambe, as he has been designated cardinal and being in Rome at that time for the Synod; the Legion agreed to this petition.

Legionaries of the Curia of Surquillo work with people suffering from cancer, putting them up in their homes when necessary, and thus giving wonderful testimony to friends and family. Legionaries were encouraged to pray for the spiritual director, that God gives him the grace to attend weekly meetings regularly. Efforts at reviving dormant praesidia, including youth praesidia, are under way while others are the subject of discussion. Members of stronger praesidia continue to volunteer for and in some cases monitor revival efforts of weaker praesidia.

HANDBOOK REFLECTIONS

As we approach the beginning of a new year, we have chosen p. 25-27 from “Some Handbook Reflections” as the extract this month:

PLANNING

“We must have the mind of Christ” (1 Cor 2:16).” We must reflect with a view to producing good work and advancing in every respect. We must plan. We must be ingenious. We must strive as a very part of the work itself to devise better methods, to hammer out new ideas, and to solve the problems. In a word, we must give to religion the same concentrated and intelligent approach that we lavish on the world.” So as a first principle of our effort we must THINK. Our mind is the highest part of our natural make-up and we must place it fully at the service of Jesus Christ. We must think and plan as if everything depended on it.” “So when we plan, it should be with faith, ambitiously, a little beyond what we judge to be our reach, so as to leave some room for Him to operate” (Frank Duff: Thinking in Christ: Mary Shall Reign: 18).

AN ANNUAL PLANNING MEETING

To fulfil the need to plan, officers of a praesidium or council might consider the value of meeting once a year for the purpose of planning for the year ahead. It is desirable that sufficient time be allowed for the meeting so that ideas and suggestions can be well discussed. It would be helpful, also, if the President invited the other officers to submit suggestions in advance for the agenda of this meeting. If the officers approach the meeting in a spirit of faith and union with Mary and conscious of Brother Duff’s words, quoted above, they will be giving scope for the Holy Spirit to work through them. The plans formulated at this meeting can then be brought to the praesidium or council for consideration, and if approved, can then be put into effect through the weekly praesidium meeting or the monthly council meeting. For councils, of course, the pre-council meeting provides opportunities for follow-up and on-going planning.

Planning for the Praesidium: There are many items which might be considered at an annual planning meeting: Recruiting new members, active and auxiliary; promoting Praetorian and Adjutorian membership and True Devotion to Mary; Improving reports and study of the handbook; Exploratio Dominicalis; Auxiliary Rally; Retreats; Praesidium function in September, etc. The development of the members and of the work is a priority. The handbook speaks of an enterprising spirit being kept alive in the members by the regular breaking of new ground. Is the praesidium tackling the most urgent needs? What more should the praesidium be doing?

Planning for the Council: In addition to such items as: Frequency of reports; Visitation of praesidia and affiliated councils: Legion Functions, Acies, Annual General Reunion, Retreat, etc.; Elections; Appointment of officers of praesidia, Annual audit etc. there is the great need to plan Extension and the development of the apostolate in the council area. It can be a great help to sit down with a map of the area and note the strengths and weaknesses both as regards places with or without the Legion and also in regard to the extent of the Legion apostolate. Do higher councils consider delegating responsibility for Extension in certain areas to affiliated councils? Is the Legion apostolate directed to the most urgent needs in the council area? Do the officers think that they have to do everything themselves? The handbook says: “the denial of some responsibility to those who are fit to assume it does injustice both to those individuals and to the whole Legion.” (28: 2: 16). The handbook also says that the consideration of new works forms an important part of a Curia.

If planning is to be effective, it will be necessary to assign specific tasks to individual officers or members, who should be asked to account for them. Otherwise, plans may remain just that, plans.

-Matters for consideration for Planning Meetings for 2024 -

The imminent arrival of 2024 presents a wonderful opportunity for a brand new chance for all of us to make our best efforts regarding the plans that our Blessed Mother wishes to see come to fruition for The Legion of Mary, and the role that we all have, individually and collectively, from praesidium upwards, in all of these plans for the year ahead.

Frank Duff urges us in the above extract from Some Handbook Reflections to “think”, and very importantly, to “approach the meeting in a spirit of faith and union with Mary.” We are currently in a very fortunate position of having lots of time us to pray in advance of these planning meetings for 2024 so that our faith and our union with Mary can be deepened, and thus much greater fruit be borne as a result of these meetings. Frank Duff recommends that the president invite the other officers to submit suggestions in advance for the agenda of the annual planning meeting. Let us use wisely the time between now and the new year to pray also to the Holy Spirit to direct, guide and enlighten us in this regard. The importance of prayer for the establishment and realisation of these plans can never be over-emphasised. Proverbs 16: 1-3 tells us “Commit to the Lord whatever you do and your plans will succeed.” Frank Duff advised that plans be brought from the officers’ meeting to the praesidium or council for consideration and implementation as approved. Proverbs 15:22 informs us “Without counsel plans fail, but, with many advisers, they succeed.”

Works for consideration for 2024

- How are we doing regarding crowd contact such as street contact, home visitation, and extension work? The suggestion of considering a map of the area as councils consider the extent of the Legion apostolate in an area is very helpful. Having a knowledge of the scheduling of local festivals and local events such as the marking of feast days of local Saints etc. could provide us with great opportunities for crowd contact.
- 2023 – 2025 marks the 350th Anniversary of the Apparitions of the Sacred Heart of Jesus to St. Margaret Mary Alacoque. Could we in the Legion of Mary decide that we will resolve to begin as soon as we can the establishment, throughout the world, of as many Sodalities to the Sacred Heart of Jesus as possible? How pleased would our Blessed Mother be to see Her Son honoured in such a way at this very special time? It may well be a work that would particularly suit some legionaries, and would be a most beautiful and wonderful way of contributing to the expansion of our works.
- How active are we in the promotion of Enthronement of the Sacred Heart of Jesus in homes? Do we need to consult with our Spiritual Director or the priest in the parish about this?
- How are we doing if we happen to be a praesidium- attached to a Pioneer Centre- for the purpose of promoting and recruiting for the Pioneer Total Abstinence Association of the Sacred Heart of Jesus?
- Could we perhaps consider establishing a junior praesidium in 2024?
- Are we promoting the practice of daily Mass and devotion to the Blessed Sacrament?

- How are we faring regarding recruitment and after-care of auxiliary members?
- Are we promoting praetorian and adjutorian membership?
- Perhaps there are retired priests in our parish whom our Blessed Mother would like The Legion of Mary to visit?
- Is Pilgrim Statue Visitation a new work that we could incorporate into our plan for 2024?
- Could we be offering support to people who have recently been bereaved?
- Could we be visiting people in a local prison?
- Are we visiting hospitals, including psychiatric hospitals?
- Perhaps we could look at establishing a Frank Duff prayer group, to be held once every two or three months to begin with even, and then maybe on a monthly basis as time proceeds.
- Could we maybe set up a book- barrow?
- Could we think of maybe running Patrician Meetings?
- How are we faring regarding serving the particular needs of the place in which we find ourselves? It could be of great benefit for us to check what other groups in our parish are doing also as we prioritise and plan our works.
- Are we actively promoting Maria Legionis as we should? How many subscribers do we have? Could some legionaries perhaps write an article for Maria Legionis in the new year?

Planning of Masses, functions and activities for 2024

Bringing along to the annual planning meeting a religious calendar (as at least one very experienced legionary regularly does at meetings, and thus prompted this thought!) which notes all religious feast days could be a very practical way of speedily securing potential dates for some of the following which could then be confirmed with the priest or spiritual director:

- The Acies be held on or as near as possible to Feast of the Annunciation (Monday 25th March 2024).
- Organising 24- Hour Adoration and/ or a Procession on the Feast of the Sacred Heart of Jesus (Friday 7th June 2024).
- Planning for promotion of and Enrolment in the Brown Scapular for the Feast of Our Lady of Mount Carmel (Tuesday 16th July 2024).
- The handbook strongly recommends that each praesidium holds a social function around the Feast of the Nativity of Our Lady (Sunday 8th September 2024).
- Promotion of the Feast of the Miraculous Medal (Wednesday 27th November 2024) by various means such as promotion or leading the rosary, a triduum, a novena, and distribution of Miraculous Medals and novena leaflets.
- Scheduling the Annual General Reunion on, or as close as possible to Feast of the Immaculate Conception (Sunday 8th December 2024).
- Scheduling Rosary and Carol Service at the Crib for December 2024.
- Is the Comitium or Curia due to hold a Congress?
- Establishing dates for the celebration of Masses for the three Causes, extension work, Exploratio Dominicalis, retreats, the summer outing etc.
- Scheduling of- and distributing to all relevant officers and legionaries- the dates and times for pre- Curia, Curia and other council meetings.

An understood awareness that we will all report at the end of the year on the set targets that emerge from the planning meeting will hopefully make the system more efficient, while strengthening us in our focus on remaining close to our Lady and listening for, and to, the whisperings and promptings of the Holy Spirit as we march on as legionaries for our Blessed Mother in the year that awaits us.

May we remain constantly open to the promptings of God and our Blessed Mother regarding additional works for which- beyond those that emerge from the annual planning meeting- we may be called upon at any time to plan, carry out and follow-up on. These all come from the infinite love of God and our Blessed Mother for all.

It is most exciting to muse upon the fact that God and our Blessed Mother are offering us all a vast array of opportunities for 2024, and most consoling that all that is asked of us is our “Yes” in response. They will help us from there on.
